

WILSON 2022

Brooke | Kendal | Kyla | Annabelle Arrives

Brooke —

Little House on the Panhandle

The little house on the panhandle continues to develop with a new barn, driveway, and a lawn. The big change, of course, was adding Annabelle to the family.

Kendal

Kendal visits us every other week and recently moved into a new home. We were concerned about the change, but Kendal has adapted well and perhaps likes her new house mates even better than before.

Kyla

Avery is a high school sophomore and plays lacrosse. Bennett plays soccer, and travels for games, including Wales and England this year. Emlyn enjoys middle school and involved in youth theater.

Annabelle Arrives

Annabelle DePue arrived a month early, on January 19, 2022. There have been a few trips to Amarillo to help out and enjoy time with her and her parents.

Jim continues his ham radio activities, getting on the air for contests plus conducting a few briefings in person and via Zoom to ham radio clubs and conferences. His freelance writing assignments continue to provide challenges and funding for projects.

Karen continues to till the soil with her gardening.

The sad news was the death of Jim's son Trevor at age 44. He led a troubled life and now rests in peace.

Peace and goodwill to you and your family.

Merry Christmas & Happy New Year!
